| Comments or questions (8,192 characters max): | I am writing regarding the Morro Cost Audubon Society's Project which has been appealed by Save the Park. I strongly support the improvements proposed for the Sweet Springs area, particularly those improvements which provide ADA access. I have a sister who was afflicted by polio when she was 9 and her only opportunity to enjoy the outdoors is when wheelchair access is available. Also the Morro Coast Audubon Society is an incredibly successful non-profit in the county, and I have no doubt that all their efforts are in the best interest of the county. Please deny the appeal and allow the project to proceed as planned. |

| Comments or questions (8,192 characters max): | <p>5/27/2013 Re: Access Project for East Sweet Springs</p> <p>Dear Supervisors I am writing regarding the Morro Coast Audubon Society's Project at the East Sweet Springs parcel. The Project has been appealed by Save the Park and is scheduled to be heard by your Board on June 4th. The changes proposed by Morro Coast Audubon Society are ill-advised at best, and deceptively damaging at worst. Morro Coast Audubon Society has demonstrated that the organization is not sensitive to desires of local residents nor is it concerned about safety considerations resulting from adding a major access to this area at the already dangerous intersection of Ramona Avenue and 4th Street. I simply ask you to visit the site and imagine the chaos resulting from dozens of cars parked at this hazardous location with dozens of visitors dealing with traffic and limited visibility of both cars and pedestrians. Please approve the appeal and require the County and Morro Coast Audubon to develop a safe and reasonable plan. Thank you, Dane Jones<br/>1501 4th St. Los Osos, CA</p> |

| Comments or questions (8,192 characters max): | <p>To: All Supervisors Please support the Morro Coast Audubon's East Sweet Springs Access Improvements Project by rejecting the appeal against that project that is to be heard at the June 4th board meeting. I hope you are able to, if you already haven't, visit the Sweet Springs Preserve so that you can have a first-hand experience of how wonderful it is, primarily due to the already hard work of the Morro Coast Audubon Society along with its partners and community volunteers. If you cannot see your way clear to reject the appeal, I would like to know what considerations you had that lead you to that decision.</p> <p>Sincerely, Joanne Aasen Cambria, CA</p> |

| Comments or questions (8,192 characters max): | <p>Tuesday you will hear the appeal from Save the Park on the Los Osos Audubon project for their new mostly taxpayer funded acquisition property, Sweet Springs East. I believe Save the Park has legitimate concerns about a number of the proposed changes to the property. Parking and the access are major flaws. Furthermore, Audubon has proposed removing the last stand of ancient Eucalyptus and the young grove of Cypress from the site, classifying them as non-native. There are over 1000 opposition signatures on the Euc and Cypress removal. Please separate the tree removal from the current permit and give good consideration to the potential for a second street access, a smaller viewing platform and the lack of parking. This project can be improved, Audubon is in a hurry and hasn't taken local public concern into their planning.</p> <p>Thankyou, Linde Owen</p> |

project has been appealed by Save the Park and is scheduled to be heard by your Board on June 4. The improvements proposed by Morro Coast Audubon Society will be a welcome addition not only to the residents of Los Osos but to residents county-wide and beyond. The ADA access is sorely needed and much anticipated by those currently unable to enjoy Sweet Springs. Morro Coast Audubon Society has demonstrated that the organization is a competent and successful steward of the land. Thanks to the multitude of donated labor hours by volunteers, the preserve is continually improving. In fact, if you visit East Sweet Springs, you'll see, to your left from the main entrance, a vast swath of invasive veldt grass, a weedy eyesore; this is what the entire area looked like before the project began. To your right you'll find an amazing and varied--and thriving--area of native plants, many of them blooming, and all of them supporting native wildlife. The transformation is breath-taking. Please deny the appeal and allow the project to proceed as planned. Thank you for your time and interest. Sincerely, Bonnie Thompson

| Comments or questions (8,192 characters max): | 5/29/13 Re: Access improvements Project for East Sweet Springs<br>Dear Supervisors I am writing regarding the Morro Coast Audubon Society's Project which includes access improvements for the East Sweet Springs parcel. The Project has been appealed by Save the Park and is scheduled to be heard by your Board on June 4th. The improvements proposed by Morro Coast Audubon Society will be a welcome addition not only to the residents of Los Osos, but to residents County-wide and beyond. The ADA access is sorely needed and much anticipated by those currently unable to enjoy Sweet Springs. Morro Coast Audubon Society has demonstrated that the organization is a competent and successful steward of the land and thanks to the multitude of donated labor hours by volunteers, the Preserve is continually improving. Please deny the appeal and allow the Project to proceed as planned. Thank you, David M Lawrence, MD<br>David M. Lawrence 1330 Red Brome Place Arroyo Grande, CA 805-541-0822 |

| Comments or questions (8,192 characters max): | As a resident of San Luis Obispo County I support and urge the Board of Supervisors to support the Morro Coast Audubon's plan for the East Sweet Springs Access Improvements. These improvements are needed to to provide access to this area for those in our county who are mobility impaired. The Morro Coast Audubon Society has proven to be a responsible steward for Sweet Springs and this project is an extension of their efforts. Craig Wilson |
